

# Glimpses of Expert/Webinar/Workshop

## Objectives and Outcomes of Program

**Topic** : Overview Session on Python and Machine Learning  
(INFYNAS Learning Solution)

**Date** : 25/10/2024

A lecture on Python and Machine Learning aims to equip students with the ability to utilize Python's programming language to implement various machine learning algorithms, enabling them to analyze data, build predictive models, and solve real-world problems by understanding key concepts like data preprocessing, supervised/ unsupervised learning, and model evaluation, while also gaining proficiency in using essential Python libraries for data manipulation and analysis.

## Objectives and Outcomes of Program

**Topic** : Fundamental Concepts of Programming Languages  
**Guest/Expert Name:** Mr.Kalpesh Bornare  
(Technical Manager at HCL Technologies,Nasik)  
**Date** : 25/02/2025

### ➤ Objectives :

- The objectives of fundamental programming concepts are to equip learners with the foundational knowledge and skills to write efficient, readable, and maintainable code, enabling them to approach coding challenges logically and apply structured problem-solving techniques.

### ➤ Outcomes:

- Mastering fundamental programming concepts leads to the ability to write clear, efficient, and maintainable code, along with enhanced problem-solving, logical thinking, and debugging skills, which are transferable to various fields.

## Objectives and Outcomes of Program

**Topic** : Personality Development Self Assessment Programme  
By **Mr.Ajaj M.Shaikh** (Regional Project Officer of Jeevan Sanjivani  
H.R.D. Institute Sangali Br. IFRA Institute Jalgaon)

**Date** : 11/02/2025

### ➤ Objectives :

- The primary objective of a personality development self-assessment program is to self-awareness and guide individuals towards personal and professional growth by identifying strengths, weaknesses, and areas for improvement.

### ➤ Outcomes:

- A personality development self-assessment program can lead to increased self-awareness, improved decision-making, enhanced goal-setting and better communication and relationships, ultimately fostering personal and professional growth.

## **Objectives and Outcomes of Program**

**Topic** : **Recent Trends in IT**

**Guest/Expert Name** : Mr. Kalpesh Marathe and Mr. Yash Chaudhari  
(Brilliance IT Solution, Jalgaon).

**Date** : 06/05/2025

### ➤ **Objectives :**

- The objectives of a guest lecture on recent IT trends aims to make students aware of emerging technologies and industry advancements, while also exploring career and entrepreneurial opportunities within the field.

### ➤ **Outcomes:**

- A guest lecture on recent IT trends can effectively equip students with knowledge of emerging technologies and industry best practices.
- Potentially inspiring them to pursue specific career paths. Outcomes include a deeper understanding of technologies like AI, data science, and big data, as well as their current applications and potential future directions.
- Lectures can also highlight the importance of skills like testing, project/program management, and emerging tools in the IT sector.
